No. 44

Political Situation in British Columbia Is Described as a Mulligan by Major Ramsay

The political situation in British Columbia was described by Major P. H. Ramsay, of the East End, who arrived on Tuesday from the Coast with the news that he had nothing short of a political mulligan.

"This is the situation," he explained. "Presently there are some of the Conservative party, says he is going to the country with a union party, to an extent even though the approach has turned him down. The Conservative executive has noticed their various scandals and are trying to nominate and nominate candidates no matter what his politics may be."

The Liberal party, so far as it is concerned, is in a mess. The papers have stated that they are going to the country as a straight Liberal party.

"W. J. Bowser, leader of the non-partisan group, at one time a strong Conservative, has turned him down. The Conservative executive has noticed their various scandals and are trying to nominate and nominate candidates no matter what his politics may be."

The Liberal party, so far as it is concerned, is in a mess. The papers have stated that they are going to the country as a straight Liberal party.

"W. J. Bowser, leader of the non-partisan group, at one time a strong Conservative, has turned him down. The Conservative executive has noticed their various scandals and are trying to nominate and nominate candidates no matter what his politics may be."

The Liberal party, so far as it is concerned, is in a mess. The papers have stated that they are going to the country as a straight Liberal party.

"The unforunate young man, who was only 30 years of age, lived at the old homestead until 1929, when he moved to the city of Prince Rupert. Highly respected and likeable, William was a general favorite.

The following is a relative of William's wife and adopted daughter, father, five brothers and two sisters—

Mr. and Mrs. Fred John and Mrs. M. L. of Pekos, Wash.

The funeral will be held from Sevenoak at 2 o'clock on Friday afternoon.

The sympathy of the entire community goes out to those bereaved.

Wanham Young Girl Suffers Painful Accident

(By The Tribune's Correspondent)

WANHAM, April 24.—J. Betchenbach, seven-year-old daughter suffered a very painful accident on Saturday when she rode her bicycle over a rough road on which she was riding. One of the rear wheels grazed the side of her head and practically severed her hair.

She was rushed to the local provincial doctor, who advised her immediate removal to the Spirit River hospital.

There being no train of any kind through here on Saturday Only Pickering could be obtained to try and get through to Spirit River by car, almost impossible task.

He left town at 10 o'clock and after making his road for over two hours managed to get within eight miles of the hospital.

He reached the hospital at 7 o'clock in the evening.

For three days she was hospitalized and the junior tournament promised a wealth of talent well worth going miles to see.

We were glad to report that the little girl is progressing favorably and it is expected that the doctors will be able to save the child from the loss of an eye.

Dr. Owens, local provincial doctor, accompanied the injured girl and her father to Spirit River.

Prominent Golfer And Wife Leave For Yorkton

Mr. and Mrs. Robertson left on Tuesday last for Yorkton, Saskatchewan where they will take up their residence. Although only 21 years old, Mr. and Mrs. Robertson made a host of friends and their sincere regard is expressed at their departure.

Jim is an Al. golfer and will be greatly missed at the Richmond Hill golf course, where he turned in many good scores last year.

Concert by Mrs. Hedman-Miller in Aid of the Coming Festival Was Musical Treat

Letters of good music were given an audience last night at the Grand Theatre. The program presented by Mrs. Hedman-Miller at the musical festival was very well received and audience enjoyed a very pleasant hour.

Dr. L. J. O'Brien, who was one of those who organized the festival, said the pheasants were very hard to shoot. "I know, for I have shot them at the birds."

Mr. Webber, caretaker of the Island, will keep a check-up of the birds.

From CONVENTION

Mr. Steele-Smith, principal of Grande Prairie High School, arrived from Edmonton, where he visited the A.T.A. convention and attended the A.T.A. convention.

While in the capital city he spent several afternoons in the gallery of the legislature. Nothing exciting happened, he said. In fact, it was a quiet affair. "The members of the government bore a worried look," he remarked.

William Tesar Meets Death by Drowning

William Tesar, son of Joseph Tesar of the Sixsmith district, was drowned swimming in the Bear Lake on Friday last, and the distressing news has cast gloom over the entire community. He was widely and popularly known.

According to information received, he was swimming with his rats alone in a long, deep trough when the ice gave way. His partner missed him, went out to search and took him to shore.

When the body was recovered and taken to High Prairie, there it was found to be positively identified as a drowning undertaker, and arrangements made to have it shipped to Sixsmith.

The Tesar family came from Lacombe in 1911, and are among the largest farmers of the Sixsmith district.

The unfortunate young man, who was only 30 years of age, lived at the old homestead until 1929, when he moved to the city of Prince Rupert.

Highly respected and likeable, William was a general favorite.

The following is a relative of William's wife and adopted daughter, father, five brothers and two sisters—

Mr. and Mrs. Fred John and Mrs. M. L. of Pekos, Wash.

The funeral will be held from Sevenoak at 2 o'clock on Friday afternoon.

The sympathy of the entire community goes out to those bereaved.

Twenty-Fourth of May to be Held at Beaverlodge

BEAVERLODGE, April 25.—Beaver lodge sports day will be held May 24 at the Legion Hall.

The main attraction on the program will be softball instead of the usual baseball and one invitation sent out.

Other attractions will be track and field, tennis, shooting, archery and swimming.

Another invitation says: "Ladies and gentlemen, come and join us for our annual sports day.

For those who are interested in the junior tournament promises a wealth of talent well worth going miles to see.

Residential, \$1.00 and commercial \$1.00. The first 500 will receive an additional 75 cents for additional 500 watts.

The representatives of the town on the line argued that the company should reduce its rates on non-residential which prevail and that the company should do the same.

Mr. Guilmundson stated that the company would not, in his judgment, be a proper time to consider the question.

A resolution was passed that the matter be referred up to the company and press for a reduction of sixty cents in both the residential and commercial units.

In reporting the results, the Edmonton Star had the following to say:

"Frank Tessar, young Sixsmith boy, who had been a champion in the amateur light-heavyweight championship of Northern Alberta at a tournament recently held at the Viking A.C. in the final."

Tessar has been in action in the amateur ring on many occasions, his last appearance being at Grande Prairie some time ago, when he lost to Mr. W. E. Erickson.

It is understood that these two boys will be matched again in the near future, as Tessar was never satisfied with a return match.

Mr. Ward has promised

to give a return match.

Mr. Sheer did some six weeks ago.

Mr. Ward has been absenting for a year and it is thought that the sudden death of his husband hastened the separation.

Mrs. Sheer was in her 73rd year.

Another daughter, Mrs. F. E. McComb, of Seattle, who was with her mother when the end came, survives.

Mr. Hedman-Miller, played the first one being the Beethoven Sonata, open 27, number 1, so often called the "Sonata Pathetique." The piece was never authorized by Beethoven.

Mrs. Hedman-Miller gave adequate preparation and maintained in her home, this winter, a piano class, which was a very pleasant hour.

Mr. Hedman's first group of pieces charmingly well done, and the audience numbers were received with much applause. Grande Prairie is indeed fortunate in having a pianist of her ability.

**THE BEST WAY TO SOLVE
THE DEPRESSION IS
MEN TO WORK.**

To help solve the depression in the city of Victoria, an appeal was made to the public to have all possible work done by the city to have all possible work done through the splendid resources hundreds of men were put to work and the purchasing power of the community was increased to the point of wages paid rose.

The city of Edmonton is following suit and the office of Trade and Commerce has issued a similar appeal, and according to reliable information, is meeting with marked success.

There are many in Grande Prairie out of work. We have carpenters and good ones who have been practically idle for months. There are many instances it seems that it would be quite timely for the local Board of Trade to follow the example of Victoria and organize a similar citizen's committee and ask for the co-operation of every citizen.

There are doubtless many who are contemplating doing some building or having alterations made, who may be passing the work off until times get better.

Now is the time to do the work for the future. It is the only thing that will make times better.

Without attempting to preach, The Northern Tribune would suggest that it is time to stop and for a week or two in every town, take an inventory of what is needed, and if possible, have the work done. If you can't afford to pay, your barber friend living in town and told him, if he would carry out the plan, you could get a haircut for four lire.

The barber takes advantage of the offer.

I told you to stay with the plan, and I am sure you will. You just wait for four cents a pound.

Mr. Tully and I have opinions and offered as to the cause and cure of the depression, which it is not our intention to discuss. We are, however, certain that the first thing to do is to pass people to work and the problem will gradually right itself.

In the meantime, we think that many who are out of work have families to keep and taxes to pay. Again, we are not economists, but if you possibly afford it, should take a little time off and make a list of the work to be done and the cost. You have some done as soon as possible.

**BOARD OF TRADE
AN ACT OF COURT**

In order to raise money the Grande Prairie Board of Trade will hold an amateur night at the Capitol Theatre on the 27th.

Owing to the fact that the board sent two delegates to Edmonton to interview the government with regard to having the office of trade moved to Grande Prairie, the funds of the organization have received a low mark and are being given a check.

It is the opinion of the board that many who are out of work have families to keep and taxes to pay. Again, we are not economists, but if you possibly afford it, should take a little time off and make a list of the work to be done and the cost. You have some done as soon as possible.

**CONDITIONS BREAKING
FOR THE BETTER**

The advance in wheat and hogs is the first sign that conditions are improving since the depression set in three years ago.

An important aspect of the situation, so far as this district is concerned, is that it is estimated that the market price of wheat last year's crop still to be marketed here, if the price of wheat continues to advance, or even holds its present position, it may mean more profits in cultivation.

The advance in hogs is also very encouraging for there are, according to The Tribune's information, plenty of hogs in the country being fattened.

The hog market is holding now. If the prices hold—and according to the law of supply and demand, they will—there will be further circulation of money. Old hogs should be paid, or at least partially paid, and fresh meat made to meet the effects.

As the whole West depends primarily on agriculture, it is most gratifying that the grain and live stock are on the rise.

Along The Trail

By J. B. TULLY

**THE GRANDE PRAIRIE
NURSERIES**

Several afternoons before quite spring-like and the snow having practically disappeared within the town limits, I, in company with my wife, went with the majority of the streets. It seemed good to get our feed once again on old mother earth, and we were through more for several months. He was so glad that he wanted

to see how the water was getting away.

The water was running freely and the town was gradually drying up nicely. In this connection, mention should be made of the efficient work done by the men in removing the obstructions and keeping the culverts clear.

During the trip round, we visited the various farms and ranches owned and operated by Frank Guthrie.

Within the glass houses everything was growing well. There were rows of radishes ready for use. Beets upon beets, and standing out at intervals in relief were wonderful house plants.

We were next shown the hot beds on the outside, all under glass. In one

MRS. JUDD AWAITING HER DOOM

Calmly reading, while every tick of the clock brings her nearer to the gallows, Mrs. Winnie Judd awaits her punishment in Phoenix, pictured in the death cell in the State Prison at Florence, Arizona. Mrs. Judd's execution was originally scheduled for April 14, but as Good Friday fell on that date Governor Moon granted a week's stay.

With the Boy Scouts

No Police Required

A "litter" news item mentioning a police force as one of the several specified features of the 1933 World Jamboree in Hungary has drawn a statement from the Boy Scouts Association of Canada. The Dominion Headquarters of the Boy Scouts Association. This is the declaration:

"That police protection is required at international Boy Scout gatherings, no matter how large."

In illustrating its reference to the police, the news item of 300 Scouts from 23 different countries and parts of the British Empire at Arrow Park, Birkdale, Lancashire, in 1929, the spokesman added: "It is evident that the English youth, learning that this camp city of youth would include in its ranks the young men of the most warlike enemy countries of the Great War—France, Germany, Belgium, Hungary, Poland, and others—had misgivings about the safety of their Rover and Ranger. 'Rover' carries information of common interest on folk songs, music, play acting, making, music, etc."

The Rover, older Scouts and Rangers (older Guides) of England now have their joint publication, a quarterly newspaper, "Rover."

The title page of the first issue of Rover and Ranger, "Rover" carries information of common interest on folk songs, music, play acting, making, music, etc.

Mail by Motorized Airplane

The latest startling development in flying was the successful carrying of mail by a glider, or motorless airplane, from the Canadian Rockies to the coast of British Columbia. The flight was made in just fifty cities and towns, including Saint John, N.B., where the first was received at the post office.

Scouts from Canada, Britain, Australia, New Zealand, South Africa, and the United States gathered in the mountains for the annual meeting of the International Scout Headquarters in Victoria.

Boys Receive Lord and Lady B.P.

During a recent visit of Lord and Lady Baden-Powell to Rome, when they were received at the Quirinal Palace, His Holiness the Pope once again expressed his approval of Scouting, and its disregard of class ties and race. He received the visitors with the outfit to Rome four years ago of a pilgrimage of 10,000 Catholic Boy Scouts of many countries.

Scouts and Apples

Local Boy Scouts drive to help farmers in Canada. The youthful practice of "eating apples" out of hand, to the mutual benefit of consumer and producer, during this difficult period, are again under way in various parts of the Dominion. Last year 500,000 bushels were held in just fifty cities and towns, including Saint John, N.B., where the first was received at the post office.

Scouts from Canada, Britain, Australia, New Zealand, South Africa, and the United States gathered in the mountains for the annual meeting of the International Scout Headquarters in Victoria.

"Say, Bill, yer boots wan' soeling and 'eeling!"

—Passing Show, London.

WEMBLEY CHAMPIONSHIP WHET FOR NEWFOUNDLAND

British Pound Up 22 Cents in New York. Mail Rises Five Cents on Chicago. Wheat Optimism Evident in World Trade. Gold Price of 100 Expected. Sharp Climb of Exchange is Attributed to Speculation in American Gold and Wheat and Canadian Business. Sterling Surges Upward in Wild Burst of Trading. American Currencies Stampede on London Exchange. Record Volume of Gold Exports to All Prices. President Initiates British Campaign For Control of Price Levels. Canadian Dollar. Federal Price Level Committee. Canadian Government to Free Closed Bank Deposits.

NEW YORK. April 19.—Stock and commodity markets in the U.S. leaped upward today, coincident with a sharp rise in the American dollar in terms of Canadian and other currencies. The movement, inspired by Roosevelt's decision to halt gold exports as the first step in an inflation program to control commodity prices, was accompanied by a fury of buying.

CHICAGO. April 19.—A mad rush of buying caused by talk of intervention from Washington and sharp rises of foreign exchange shot grain prices toward. Wheat led the way with a maximum advance of 10 cents a bushel. July delivery reached 70 cents a bushel. September reached 70 cents a bushel. May carry-over profit-taking caused reaction later.

LONDON. April 19.—England struck back at Soviet Russia today for conviction of five British subjects on smuggling charges. Major General the King and the Privy Council declared an 80 per cent embargo on Russian imports; the embargo to take effect April 28.

SCHOOL LANDS LEASES

During the past year and a half many holders of school land leases contracted with the provincial department of lands to extend the term of their contracts and have entered into leases arrangements covering a period of 10 years. These arrangements were made in anticipation of better conditions than at present exist, have proved to be a financial success. In the immediate future, too, one can expect the leases in view of the depressed state of agriculture.

In order to give more security to the lessees, the department of lands will give opportunity to obtain cultivation permits, paying to the lessor a royalty of 10 per cent of four cents an acre for all portions of the land they do not cultivate. The royalty will be paid in the sum of \$1.00 and a share of crop grown on the land during 1933. The share of the crop paid in each case will not be greater than one-quarter of the crop, scaling down to one-seventh.

Under these arrangements the lessor may have the option of terminating the lease for 14 years if he complies fully with the requirements.

An amendment to the lands act provides that rents paid by the lessors will be made of taxes paid on the land, plus a reasonable amount of the department's share of the crop grown on the land, provided the lessee makes a reasonable assessment of the land and furnishes a receipt for the payment. Responsibility for payment of amounts of taxes in any year on tenanted land is an obligation entirely upon the lessors.

An amendment to the lands act provides that rents paid by the lessors will be made of taxes paid on the land, plus a reasonable amount of the department's share of the crop grown on the land, provided the lessee makes a reasonable assessment of the land and furnishes a receipt for the payment. Responsibility for payment of amounts of taxes in any year on tenanted land is an obligation entirely upon the lessors.

Mrs. Dr. Sproule
Formerly of Grande
Prairie Passes

Mrs. Agnes Lillian Sproule, wife of Dr. A. O. Sproule, passed away on April 24. Her funeral was held on April 24, 1932, taking place in the Edmonton cemetery.

Service was held in the Metropolitan United Church, Rev. Dr. Grant officiating, assisted by Rev. Dr. A. S. Tandy.

The following are left to mourn their loss: Husband, two sons and one daughter; son-in-law, Mr. L. L. England; Campbell and Dorothy, residing at home.

Sproule was among the early pioneers of this district, having come to the Edmonton Trail in 1911, settling on land four miles east and a mile north of the townsite. He died on land now known as the Raison farm. Later they moved to Grande Prairie where Sproule practiced his profession as a dentist.

While here Mrs. Sproule took a great interest in the community.

She was instrumental in organizing the community choir, which continued until her death.

Major Watt, and was its first president. Out of this organization grew the Peace River Musical Festival.

Possessed of a splendid voice, Mrs. Sproule was soloist in the Presbyterian Church for several years when Rev. Dr. Forbes was pastor.

Dr. Sproule left Grande Prairie in 1929 for Edmonton, where they have since resided.

Mrs. Sproule was in her 56th year.

Mr. Sproule has been confined to bed for more than a year, confined to bed for more than a year.

He was a son of Mrs. (Rev.) Nelson Chapel of Grande Prairie.

Twenty per Cent

Of Wheat, Yet to be

Sold at Clairmont.

That there is considerable wheat yet to be marketed in the Clairmont district was a statement made to The Tribune by Mr. John Ward, grain buyer for the Alberta Pacific at that point, who was a week-end visitor to Grande Prairie.

Mr. Ward pointed out that not a little of the grain drawn out to the elevators last winter was grown in 1931.

Mr. Ward said Sproule practiced his profession as a dentist.

While here Mrs. Sproule took a great interest in the community.

She was instrumental in organizing the community choir, which continued until her death.

Major Watt, and was its first president. Out of this organization grew the Peace River Musical Festival.
